There and Seven at Union City
on Ohio Line.

SEVEN LOST AT MONROEVILLE

Complete Reports of Death Lists Not
Obtainable Due to Communica-
tion Being Cut.

(By United Press.)

Richmond, Ind., Mar. 29.—Accompanied by a hail and electrical storm, a tornado struck Wayne county late yesterday, injuring many persons.

When the home of Fred Buckrut was laid flat by the wind, Mrs. Buckrut was believed to have been fatally injured.

Many families were made homeless. The damage was estimated at \$65,000.

Indianapolis, Ind., Mar. 29.—Death and destruction trailed in the wake of a tornado which swept across northern and eastern Indiana last night.

Thirty-two lives were reported lost in counties near the Indiana-Ohio state line. More than one hundred were reported injured and some of the injured are expected to die.

In fifteen minutes the wind destroyed property and buildings which had required years to construct.

Starting near West Liberty in Howard county, the twister swept northward in a quarter of a mile path laying nearly everything flat in its way. Telephone poles fell across roads, trees were uprooted, houses were splintered and hundreds of families were made homeless.

According to reports gathered by the United Press from the storm stricken area, the tornado hit the hardest in its start.

One report from West Liberty said ten were killed there. Eight lives was the toll at Union City.

Sweeping on into Adam county the wind wrecked many buildings and four persons were killed at Geneva by the flying timbers.

Four lives were reported lost at Townley, seven at Monroeville, one at Hogland and one at Orland.

Expected to Be Increased With
Restoration of Wire Communica-
tion.

(By United Press.)

Atlanta, Ga., Mar. 29.—A telephone message from Lagrange today stated that the death list due to the tornado was far greater than indicated in earlier reports. One report stated that sixty were killed.

Cleveland, Ohio, Mar. 29.—Latest reports from the storm swept area placed the number of dead at 20. Resumption of communication with the devastated area will show higher toll, it was indicated. Fully 175 persons were injured.

Property damage was placed at three million dollars. Several villages were recorded as practically wiped out.

Chicago, Ill., Mar. 29.—Sixty-two lives were lost in a tornado which tore through Chicago and the surrounding cities Sunday. The property loss in Illinois will run far into the millions.

At Elgin where the greatest destruction was wrought, it took the tornado only three minutes to sweep through the main part of the city and the property loss has been estimated at \$1,500,000.

The wreckage of homes, business blocks and other property in the suburbs of Chicago, will run the loss into high figures.

Additional loss of farmers whose implements were gathered up by the storm and demolished, was also reported.

In practically every vicinity Red Cross nurses and national guardsmen were established. Guardsmen kept an eye on possible looters who would search the debris for valuable loot. Rehabilitation has begun at once.

A feature of the storm interesting meteorologists was the fact that the tornado apparently developed at different points of the storm area and moved down from the northwest.

WILL GO TO GWYNNEVILLE

Rushville Knights Accept Invitation
of Alfonso Burns

Rushville commandery, Knights Templar, has accepted the invitation of the Rev. Alfonso Burns, pastor of the Gwynneville Christian church, to attend the morning services at his church next Sunday at 10:30 o'clock.

It is the annual custom of Rushville commandery to attend Easter services in a body every year. The Knights generally go to a Rushville church, but have on some occasions accepted invitations outside of the city. The Rev. Mr. Burns is a member of the Rushville commandery. The Knights will go to Gwynneville in automobiles.

CAPTAIN KIPLINGER
LEAVES THE ARMYAccepts Position as Counsel For
Financial Section of U. S.
Reparation Commission

TO BE JOINED BY HIS FAMILY

Captain John H. Kiplinger, former Rushville attorney, has been demobilized in Paris and has accepted a position as counsel for the financial section of the United States reparation commission which is settling claims against the United States growing out of the war.

Captain Kiplinger will be in Europe for at least a year more, or perhaps longer, and he will be joined in Paris by Mrs. Kiplinger and two sons of this city during the late spring or early summer. Mrs. Kiplinger and sons expect to sail just as soon as passports are received. Request has already been made for them and not much delay is expected.

Captain Kiplinger, who organized Company B here and sailed for France in October, 1918, as commander of the headquarters company of the 139th Field Artillery, has been engaged as a judge advocate since the armistice was signed. He and another army captain investigated alleged graft in United States army contracts in Switzerland and were engaged in the prosecution of the case in Paris when Capt. Kiplinger was offered the position which he has accepted. He was permitted to resign and the other officers will continue the prosecution at the hearings in the United States.

LIFELONG RESIDENT
OF RUSH COUNTY DIES

George W. Looney, Sr., Age Seventy-Nine Years, Veteran of Civil War, Expires Today

FUNERAL WEDNESDAY, 2 P. M.

George W. Looney, a lifelong resident of this county, and a veteran of the Civil War, expired this morning about five o'clock at his home, 419 North Perkins street, after an illness of seven weeks of a complication of diseases and senility.

Mr. Looney was born in this county 79 years ago, and was an active farmer, only in recent years retiring. He was a member of the Main Street Christian church and a member of the Century Bible class of that church. The deceased was in the Civil War and was a member of the local chapter of the G. A. R.

Mrs. Mary Looney, his widow, survives, and two children, Mrs. Laura Lewis of this city and Walter S. Looney of east of Rushville, and a sister, Mrs. Anna M. Culver of Los Angeles.

The funeral services will be conducted Wednesday afternoon at the late residence by the Rev. L. E. Brown at two o'clock, and burial will take place in East Hill cemetery.

WORKING IN CONNERSVILLE

Lester Caron has accepted a position with the Connersville Telephone company.

ACTION OF VOTING
MACHINES DELAYEDDemonstration Could Not Be Held
Because of Failure of Machine
to Arrive in Time.

PRECINCTS ARE INCREASED

Commissioners Reject Bid for County
Line Road Because it Was
Beyond the estimate.

The county commissioners, when it was found Saturday afternoon that an actual demonstration of a voting machine could not be made because of the lack of a machine, increased the number of voting precincts from thirty-one to fifty-nine, in order to take care of the new women voters at the May primary, and if it is later decided to buy voting machines for the county, the precincts may be reduced to twenty, which will be enough to accommodate the voters of the county, according to the representative of the voting machine company.

The commissioners also rejected the bid of Lawrence and Ennis of Arlington, to construct the county unit cement road from the west corporation line of Rushville to the Shelby county line near Gwynneville, which was let a week ago last Saturday for \$283,191, because the bid exceeded the estimate of the engineer.

The county engineer, Frank Catt, was instructed to prepare a new estimate and report tomorrow, when the commissioners will meet again.

The county unit law, unlike the three-mile road law, has no provision which says that the bids on roads constructed under the law shall be within the estimate of the engineer. Because of this omission in the law, it was felt that it would not be illegal if the bid were greater than the estimate.

Indianapolis bond attorneys, however, refused to O. K. the bond issue for the road under those conditions, which would make it impossible for the county to sell the bonds. The only alternative for the commissioners was to make the estimate conform with the bid.

The commissioners had set aside the afternoon for the purpose of investigating a voting machine, and when the time came, there was no machine here. The representative stated that he would send a machine here this week, and another meeting will be held by the commissioners, so that they can go over the proposition and know what the salesman is trying to demonstrate.

At present, a company that sells collapsible canvas voting booths has one erected in the auditor's office, knowing that it will be necessary to buy additional booths for future elections if machines are not bought.

The commissioners had to increase the number of precincts Saturday because that was their last opportunity before the state-wide primary May 4. They have to prepare for twice as many voters as have previously participated in an election in this county, because the attorney general of the state has ruled that women may vote on presidential candidates in the primary, because they have the privilege under a state law to vote for presidential electors at the general election. Their suffrage is limited to that one office by the Indiana law, but if the federal constitution is amended, as it now appears it will be since only one more state needs to ratify the amendment, they will have full suffrage at the election next November.

Women were given the right to vote for presidential electors by an act of the 1919 legislature. The act makes no reference to the primary, but does set out regulations for the registration of women and provides for separate ballots and ballot boxes at the election.

The voting machine representative claims that twenty precincts with one voting machine in each precinct will accommodate the voters of Rush county. It is his contention that the county can save enough money in election expenses in a few years to pay for the machines, which are \$1,000 each.

FIRE STARTS IN
SAME BUILDINGMysterious Blaze Again Damages
Frank Gipson's Home and Ed
Keaton's Grocery Store

OTHER FIRE TWO WEEKS AGO

Two Girls Sleeping Upstairs at Rear
of Grocery Are Rescued—\$600
Loss For Gipson

Another mysterious fire started Sunday morning about eight o'clock in the building at Sexton and Seventh streets occupied by the Ed Keaton grocery store, the Gipson barber shop and the Frank Gipson residence, and before the flames were discovered the contents of the residence part of the building were almost destroyed, and the grocery stock badly damaged.

The fire started in the downstairs rooms, at the rear of the building, which is a part of the Gipson residence, and the bed rooms which are located upstairs, were filled with smoke. Two girls who were sleeping at the time of the fire in an upstairs room, were almost suffocated, and were removed by the firemen from an upstairs window.

The two girls, Miss Nona French, age 20, and Carrie Caldwell, age 14, were the only people in the house, Mr. and Mrs. Gipson having left earlier in the morning. Mr. Gipson stated today that there was no fire left in his rooms, and he was unable to account for the fire. It was first noticed by William Estes, 611 North Sexton street, who lives almost across the street from the grocery building.

Mr. Estes noticed the smoke coming from the building and turned in an alarm from box 41, which failed to work, and the alarm was then telephoned in, causing a delay of several minutes. When the department arrived, the chemicals were used, which helped quell the blaze until the firemen had laid two lines of hose.

Mr. Gipson's portion of the building was badly damaged on the interior, the fire never breaking through the roof. His loss to his household goods and barber shop was almost total, and is placed by him as \$600, only one-half of which is covered by insurance.

The Keaton grocery, in which a fire originated two weeks ago tomorrow night, was again put out of business by smoke and water. He opened up only Wednesday, after
Continued on Page ThreeBARN IS STRUCK BY
LIGHTNING AND BURNSLoss on Farm Owned by Mrs. Will
Meredith and Mrs. J. G. Bennett
Partly Covered by Insurance

SLATE ROOF SAVES THE HOUSE

Damage estimated at \$3,500 was caused by fire last night when the large barn on the Gideon Wellman farm, five miles south of Rushville, was struck by lightning and burned to the ground. The farm belongs to Mrs. Will Meredith of this city and Mrs. J. G. Bennett of Irvington and the loss is only partially covered with insurance.

All of the live stock in the barn was saved, but 1,500 bushels of corn, one-third of which belonged to the tenant, Will Martz, and \$300 worth of hay, which was also the property of Mr. Martz, was destroyed by the flames. Clover seed and some of the farm implements in the barn were also saved. An automobile belonging to the tenant was also burned. It was fully covered with insurance.

The slate roof on the house is the only thing which prevented it from being ignited, it is stated, because the wind carried the sparks from the barn directly over the house. Frank Sample and F. E. Wolcott, who were on their way to Milroy, saw the lightning strike the barn and ignited it.

WAR MEMORIAL
TO BE SUBJECTEx-Service Men to Address Twelve
Township Farmers Meetings in
County Wednesday Night

INVITED BY ASSOCIATION

Members of American Legion Will
Explain Law And What is Pro-
posed in This County

The campaign for a community house in Rushville as a memorial to the Rush county men who gave their lives during the war, will be well under way Wednesday when a representative of the American Legion appears at each of the twelve meetings of township farmers associations and explains the state law on the subject and what is proposed for this county.

At the invitation of the Rush County Farmers Association, Perry O'Neal, commander of Rush post No. 150, of this city, appeared before the board of directors and township presidents Saturday afternoon and outlined briefly what the American Legion proposed to attempt in this county.

The proposition met with the unqualified endorsement of Fred Bell, president of the county association, and other officers of the association present, and Commander O'Neal was invited to send speakers to each of the township meetings Wednesday evening, which were originally called for the farmers to make a schedule of their live stock, the statistics to be used by the state federation to control the supply of live stock on the Indianapolis market.

The following speakers were announced today by Commander O'Neal for the meetings:

Ripley township—Robert Humes of this city and a representative of the American Legion post at Carthage, in the assembly room of the Carthage public library.

Center—Guy McBride, commander of the American Legion post at Mays, and Russel Kirkpatrick of this city, in the Center township school building.

Washington—H. L. Manzy and Frank Owens of this city at the Raleigh school building.

Posey—Ross Hutchinson, commander of the American Legion post at Arlington, and Frank Muir of this city, at the Arlington school house.

Jackson—Tom Saunders of this
Continued on Page FiveARGUMENT ON MOTION
TO QUASH IS HEARDAttorneys For Gregg Alyea and
Boaz and Clara Demaree Ask
Conspiracy Charge be Nollid

SAY AFFIDAVIT IS FAULTY

Judge Sparks this afternoon was hearing the motions filed by Boaz Demaree, Clara Demaree and Gregg Alyea, who requested that conspiracy charges against them be quashed. The two Demarees also filed a motion to be tried separately on the charge of conspiracy, in case the judge overruled their motion to quash.

Frank Hamilton, Greensburg attorney, appeared for Alyea this afternoon and stated that the affidavit charging the seven defendants, including Gregg Alyea, with conspiracy, was faulty, as it did not give specifically dates and places relating to the said defendant, and he stated further that in the affidavit Alyea was not mentioned as having taken an active part in any of the alleged deeds that the defendants are charged with.

George Bruce, another Greensburg attorney, appeared in behalf of the two Demarees and attempted to show the court that the affidavit charging conspiracy was wrong, and cited numerous court proceedings in similar cases. In all probability the arguments will be taken under advisement by Judge Sparks.

MRS. MIRIAM YOUNG DIES

Wife of Charles Young Expires at
Home Near Carthage

Mrs. Miriam Young, aged 76 years, wife of Charles Young, died Sunday morning about five o'clock at her home two miles south of Carthage, death being caused from dropsy and a complication of diseases. The funeral services will be held Tuesday afternoon at two o'clock at the Freeman's church, with the Rev. Furtenberger in charge, and burial will be made in the cemetery at Carthage. The husband survives.

BABY GIRL IS BORN

A baby girl weighing 74 pounds was born to the wife of Dolph Faurte last Thursday at their home north of the city. The baby has been named Janet Lee. Mrs. Faurte was formerly Miss Luna Lee of this city.

TO ESTABLISH AIR ROUTE

Washington, Mar. 29.—The senate today voted to establish an air mail route between New York and San Francisco.

TO LIVE IN CRANE'S HOUSE

Washington, Mar. 29.—Plans have been made to have President Wilson spend part of his summer at Woodhole, Mass., it was learned today. He probably will live in the residence of Charles Crane, recently appointed minister to China.

PLEA FOR DRY LAW
ENFORCEMENT MADERepresentatives of Anti-Saloon
League Occupy Four Rushville
Pulpits Sunday

UNION MEETING IN AFTERNOON

Representatives of the Anti-Saloon League made appeals for support of the federal prohibition amendment and resistance of the movement to modify the enforcement act to allow the sale of light wines and beer, in four pulpits in Rushville Sunday.

The principal address of the day was made at three o'clock in the afternoon at the Main Street Christian church by Joseph G. Camp of Atlanta, Georgia, a noted chautauque lecturer and prohibitionist. All of the speakers, who have taken an active part in the enforcement of the federal prohibition amendment, related many interesting experiences in connection with the suppression of the illicit liquor traffic.

Speakers in the various churches were as follows: Dr. E. S. Shumaker, superintendent of the Indiana Anti-Saloon League, spoke at the First Baptist church in the morning and at the First United Presbyterian church in the evening. Mr. Camp was at St. Paul's M. E. church in the morning, and S. P. McNaughton addressed the congregation of the Christian church in the evening. Mr. Camp spoke at a union meeting at Milroy last night.

Most People In Need Of Spring Tonic This Year

Sickness General and Thousands Are Run Down — Vola-Tonic Ideal Builder

Nearly everybody needs a strengthening, health-building spring tonic this year.

Influenza came back in January and February and thousands of people who had it are weak and run down as a result. In addition, what appeared to be a wave of general sickness passed over the country the last part of February and the first part of March. Complaints were common during this period. Bad colds, la grippe and other forms of weakening sickness were reported everywhere.

As a result of these things thousands of men and women are weak and run down and it is believed that the need of a strengthening, health-building spring tonic is more general this year than ever before in history.

"Vola-Tonic, 'Builder of Strength' is already being taken by many people as a spring tonic and is what countless other men and women need.

Vola-Tonic invigorates the entire system and is a wonderful strength-builder. Vola-Tonic starts its work by bringing a normal, healthy appetite and putting the digestive organs and bowels in good condition. It helps the stomach take strengthening nutrition from food to build up and enrich the blood and to nourish the organs and tissues of the body. Vola-Tonic also soothes the nerves and permits sound, energy-restoring sleep every night. As a result, full normal strength and health soon come to the weakened, run down man or woman.

People who are weak and run down should take Vola-Tonic this spring so that they will be strong and well and able to enjoy summer when it comes.

"Vola-Tonic, 'Builder of Strength' is being specially introduced in Rushville at Frank E. Wolcott's. (Adv.)

A County Phone System

The extension of Rushville's telephone system to all parts of the county is a topic which has never been given the consideration that it merits. The value of a system which extends all over Rush county can not be underestimated because of its worth both to the people served by it and the business men of Rushville.

Since the annual meeting of the company will be held April 9, it is well that Rushville and Rush county well-wishers give this question some serious thought, with the idea in view of bringing the directors of the company around to see their viewpoint.

The board has always professed to be in favor of extension of the Rushville system, but the process has been so slow that the present generation will have passed on before Rushville is joined with every community in the county by free telephone.

Doubtless the present board and those of the past have looked with favor on the idea of making the county one compact telephone system, but their policy in this respect has been so conservative that the progress made has been almost negligible. The directors were hampered by restrictions during government control but now that difficulty has been removed.

There is no one to deny that the business of the Rushville telephone company has not been conducted on a sound basis. The reports have always disclosed this as well as remarkable development and extension of the system in Rushville, but the fact remains that the pushing of the extension work outside of Rushville has been neglected. Rushville enjoys better service and rates than any city of its size anywhere, but there is no necessity for confining this splendid service to Rushville—the whole county should have the advantage of it.

The Milroy and Glenwood exchanges are the only ones in the county which are owned by the Rushville company, and the Glenwood system is not yet a year old. All of the exchanges are conducted by private companies which of necessity must charge an extra rate for Rushville service.

But there are many farmers who can not even get the Rushville service and have to pay a toll to talk to Rushville, but have free service to other towns outside of Rush county. It is manifestly unfair for a farmer who can stand on the doorsteps of his own home, and see the court house tower, to have to pay a toll to talk to anyone in Rushville over the telephone. This condition exists, nevertheless, and should be corrected at the earliest possible moment.

The policy of the telephone board has always been to take no chances. It has invariably been the rule that no big expenditures were made unless the company had the money in the bank or would have it when the bills fell due. Would it not be a better plan for the board to adopt a more aggressive policy and borrow enough money to make improvements with the prospect of improving the service for the benefit of the whole country? Individuals do business on borrowed money to their advantage, and there seems to be no reason why the telephone board should not use its credit to give Rush county the telephone system that it deserves.

In war days we urged everyone to cultivate that back yard and other spare land. Millions of the small gardens sprang into existence and

contributed enormously to the food supply. It was done as a war measure. Now as a peace measure let us do the same. Food is abnormally high and there appears no immediate prospect of any radical decline. Every little helps in an emergency and backyards can produce, wonders when put to proper use.

Charges that we were not prepared for the last war continue to pour in notwithstanding the general attitude on the universal training proposition showing that practically none of us is willing to face the staggering costs of preparing for the next one.

New York City republicans have decided to send a woman delegate to

Sap and Salt

By BERT MOSES

It seems impossible for anybody to be both rich and happy.

Suppose we help to put prices of others down by putting down our own.

The "expert" is a fellow who can make money for everybody but himself.

You have to give a woman credit for bravery when you see how much responsibility she risks on a single pin.

Hez Heck says: "When I see a man with too much stomach it makes me suspect his chest has slipped down on him."

What this country needs is a President who realizes that it is possible for some one else to be right once in a while.

their national convention. Tammany Hall demonstrates promptly determined to get ahead in the prize race by deciding to send five women delegates to theirs.

It is rather late in the season for the hard coal miners to demand higher wages. The time-honored plan is to threaten to strike when the country expects to keep on shivering three or four months longer.

Some think that the League of Nations is still a dream, but British French and Italian troops, taking for granted that it is a reality, have made a joint military demonstration in Constantinople, where something of the sort is badly needed.

Our Daily Laugh

New and Bright Yarns That Will Tickle You and Will Be Relished by Your Friends When You Repeat Them.

You never can tell what Young America will spring to embarrass the old folks. Traveling by railroad through a cattle range district in Texas, Miss Dorothy, aged six, sat between her grandmother and her mother. The train practically came to a stop when a vast herd of cattle trailed along. Said Dorothy, "Mamma, what's that?"

"Dearie, that is a cow," said the mother.

There was silence for a moment and then the youngster said:

"Are you sure? I just heard grandma say it was a bull."

The Lord has showed mankind with many blessings. But some men are not content with a shower—they want a deluge.

The seamy side of life, it appears, has ceased to be merely a seam. It is a whale of a crack.

Don't, however, get the idea that the whole world is going to pot. The pot isn't big enough to hold it.

Spring, we would remind you, has one eye fully hatched and the other is beginning to pip.

Birds Which Pay

Way in the County

The state department of conservation has prepared a series of sixteen articles on insectivorous birds which combat voracious insect pests that annually collect a tax of many thousands of dollars by destroying fruit and cereal crops. These articles are written for the benefit of Hoosiers so that these friends of the farmer may be protected and allowed to carry on their valuable work.

There are 150 species or varieties of wrens and most of these are found in the Americas. They are small, fearless, excitable, plain-colored birds. Most of them have characteristic scolding notes with which they express their displeasure or alarm, and most of them are very good singers.

The house wren is one of our smallest birds, being only about three-fourths as large as the English sparrow. The male and female are alike in size, color and general appearance. Plumage of the upper parts of the head and body is of a darker brown; under parts of the body of a whitish color; back generally marked with indistinct bars; bill rather long, awl-shaped, and well adapted to the taking of tiny insects and their eggs, on which they mainly live.

The house wren is a migrant. It winters south of the Carolinas and breeds in central Indiana, Illinois and southern Ohio and the District of Columbia. Two broods from four to eight each are reared in a season. The wren is almost exclusively an insectivorous bird and prefers to nest about homes. Thus it becomes a protector of our gardens and orchards. It is very companionable and becomes tame and confiding.

Republican Ticket

FOR CONGRESSMAN
We are authorized to announce the name of Richard N. Elliott of Connersville as a candidate for congressman from the sixth district subject to the decision of the Republican primary election on May 4, 1920.

SECOND DEGREE
Franklin Lodge No. 35, I. O. O. F. will have the second degree Wednesday evening. Lunch will be served and music will be provided by the orchestra.

Amusements

Bessie Barriscale, Mystic
In "Hearts Asleep," Bessie Barriscale's production at the Mystic today, the fascinating blonde star does what few beautiful women will do on the stage or for the screen. She appears as a bedraggled, scrub-woman, slatternly, unkempt, consorting with denizens of the underworld. But only in the first part of the picture, for much as the public admires her consummate art, it will not stand for her beauty

being entirely submerged.
As Nancy, who, though living among crooks, prefers to earn an honest wage as a scrub-woman, Miss Barriscale's make-up is a triumph of realism. Soap-suds and the slang of the gutter seem to literally drip from her. Her metamorphosis into the charming and exquisite niece of a wealthy bachelor is a contrast that is startling and shows the genius of this splendid actress.
When Miss Barriscale plays a gutter-snipe she is the essence of slatternliness. When she plays the society debutante one can almost catch the fragrance of a rare perfume.
A comedy, "African Lions and

American Beauties," is also on today's program.
"The Steel King," the new World Picture which comes to the Mystic theatre Tuesday starring June Elvidge and Montagu Love, is a heart-to-heart story of a millionaire's love affair. Unable to win the girl by love alone, he lets her marry him for his money on the chance that he can make her care for him after the wedding!
MOVES TO CONNERSVILLE
Mrs. Anna Paxton, the former telephone operator at Orange, is moving to Connersville for future residence.

The Franklin Light Car

for two passengers was the surprise of 1903. No one thought it possible to cool cylinders with air instead of water. No motor of such efficiency had been devised. Therefore no one knew how powerful a little car could be built—how speedy on the level and up-hill, how simple and easy of control, how enduring, and how beautifully trim and stylish.

We have added, this year, the FRANKLIN LIGHT TONNEAU (detachable) and the FRANKLIN 24 H. P. TOURING CAR.

All three cars are characteristically Franklin, with their wonderful four-cylinder motor, cooled by air, their simple construction throughout and their stylishness and beauty. Send for catalogue.

A Movement Started in 1902 by
THE FRANKLIN CAR
and the Results in 1920

20 miles to the gallon of gasoline
12,500 miles to the set of tires
50% slower yearly depreciation
(National Averages)

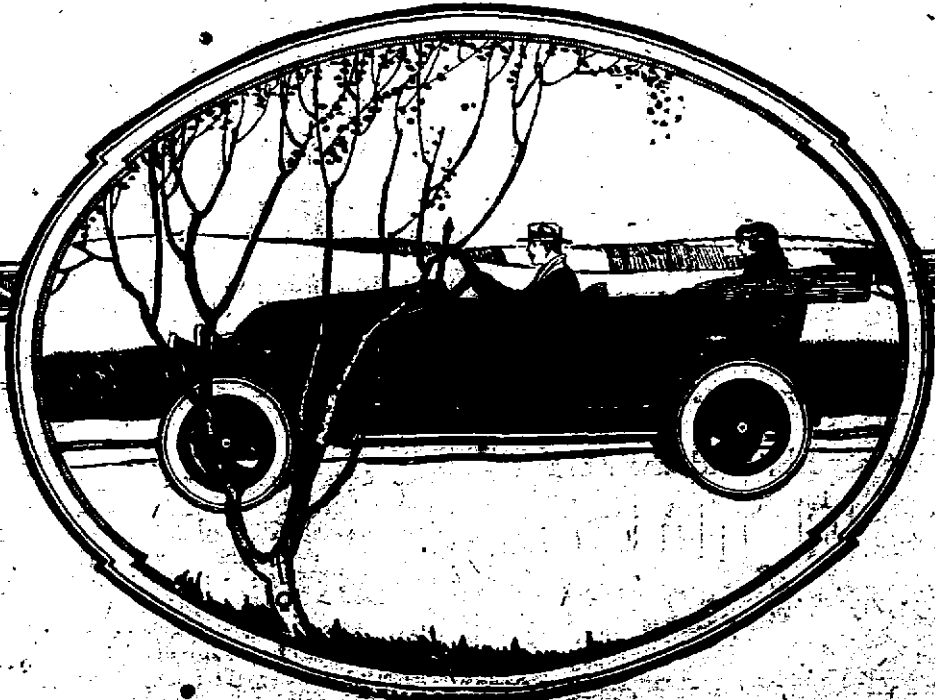

THESE owners' figures represent, in terms of economy, the result of Franklin principles of light weight and flexibility which have been used since 1902.

That the Franklin Car also gives the greatest riding comfort over long distances, is easy and safe to control, and can cover the most ground in a day, we shall be glad to demonstrate to your satisfaction.

JOE CLARK

Phone 2155

123 East First

Mr. and Mrs. Sam Young were the dinner guests of Mr. and Mrs. Frank McBride of Mays yesterday.

Miss Lena Vaughn had as dinner guests yesterday the Misses Nina Quamver and Edith Andres of Connersville.

The War Mothers will be entertained Wednesday afternoon at the home of Mrs. Lewis J. Cline in North Morgan street.

Mrs. Sam Young will entertain the members of the O. N. T. club tomorrow afternoon at her home in North Perkins street.

Miss Hannah Morris will be hostess for the members of the Psi Iota Xi sorority Thursday evening at her home in East Fifth street.

Mrs. J. V. Young will entertain the members of the Chit Chat Embroidery club Friday afternoon at her home, 119 East Seventh street.

The S. E. T. club will meet tomorrow afternoon with Mrs. Ned Allersom at her home in North Main street. All the members are urged to attend.

A dance will be given in the Sampson hall in Arlington tomorrow night. Special music will be provided. A number of out-of-town guests has been invited.

The Rebekahs will hold a box supper and a social tomorrow evening in their hall in West Second street. All members of the Rebekahs and guests are invited to attend.

The Industrial club will be entertained with a chicken pitch-in dinner Thursday at the home of Mrs. Ed Spaulding in West Second street. All club members are urged to attend.

Mr. and Mrs. Roy Helms of Connersville were delightfully entertained at a prettily appointed twelve o'clock dinner at the home of Mr.

and Mrs. William Stewart in this city Saturday.

The Ladies Aid Society of the First Baptist church will meet Wednesday afternoon at 2 p. m. in business session at the home of Mrs. E. E. Perrin in North Morgan street. All ladies of the society are urged to be present.

The Ladies Aid Society of the First United Presbyterian church will meet with Mrs. J. W. Waite at her home in North Harrison street tomorrow afternoon. As this is the last meeting of the year, all members are urged to be present.

Mr. and Mrs. A. M. Fry of Sexton entertained Sunday evening with an informal party. The guests were Mr. and Mrs. Earl Grubbs and son Howard, Mr. and Mrs. J. D. Whitton, Albert Goddard and Fred Mahan. Refreshments of ice cream and cake were served.

Mr. and Mrs. Charles Hugo entertained with a prettily appointed dinner party yesterday at their home in North Morgan street. The center of the table was adorned with a bouquet of spring flowers and covers were laid for Mr. and Mrs. Fred Posey, Mrs. Laura Posey and daughters, the Misses Jessie and Ethel and grandson, Everett Posey GLEs of Galesburg, Ill.

Mr. and Mrs. A. L. Jinks and family entertained with a two course dinner Sunday at their country home north of New Salem. The guests were Mr. and Mrs. Dan Laughlin and family of Glenwood, Mr. and Mrs. D. T. White and daughter Mary of Connersville, and Mr. and Mrs. H. L. Austen and son Robert. In the afternoon the guests were entertained with music.

Mr. and Mrs. Harry Stricker entertained with a chicken dinner yesterday at their home in East Ninth street. The color scheme used in the decoration of the dining room was pink and white, spring flowers being used to adorn the table. The guests were Mr. and Mrs. Aaron Wellman, Mr. and Mrs. Elmer Caldwell, Mr. and Mrs. John W. Humes and Mr. and Mrs. John Williams of Indianapolis.

Mr. and Mrs. James M. Young, celebrated their fiftieth wedding anniversary yesterday at their home in Richland. The home was beautifully decorated for the occasion in potted plants and spring flowers. At noon a delicious family dinner was served to all members of the family and the immediate relatives. In the afternoon Mr. and Mrs. Young held open house during the hours of 2 and 3 o'clock. Many of their friends called to wish the happy couple happy returns of the day. The honored couple received many useful and beautiful presents.

The Young Ladies Mission Circle of the Main Street Christian church will meet with Miss Florence Granier Thursday afternoon at 3:30 o'clock with Mrs. Scott Hosier as leader. The following program will be given: Song "My Faith Looks Up to Thee," scripture lesson, Acts 4: 31-32 "If Millions Prayed," Miss Ethel Trowbridge prayer: "The God In Your Home," Mrs. Rena Fegley; prayer:

Correct Apparel for Women, Misses and Children

The Mauzy Co.

A Store Always New.

New Springtime Fashions

Deftly executed in fabrics of unquestioned acceptance, with that fine perfection in texture and exquisite modeling desired by the woman who would be irreproachably clad in the latest and most effective conceits of the times.

Pretty Springtime Frocks \$15.00 to \$95.00

Presenting every new theme in afternoon and tailored models. Featuring short sleeves, puffed, draped, bouffant or tunic skirts, basque and eatee blouses, beaded and embroidered. Betty Wales and Peggy Paige are the peers in their field.

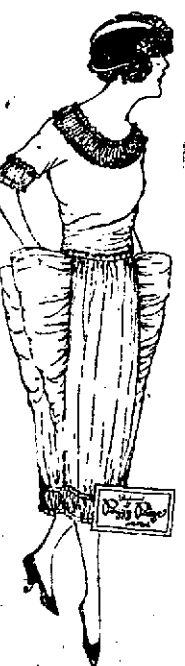

Coats in Great Variety \$18.00 to \$95.00

Youthfully styled coats in Camel's Hair and Polo Cloth, exhibiting delightful variations in collars, sleeves, pockets, belts and buttons.

Original Blouses \$5.00 to \$37.50

Daring and chic in the ultimate degree are the new blouses that make their appearance this week. Many are suggestive of the Orient in their vivid coloring, their free outlines, their bizarre ornamentations.

New Easter Clothes for the Younger Folks

Shipment after shipment of dresses and coats for the wee tot and the school girl have arrived. If the young lady wants a white dress for Easter, it is here.

Skirts for Spring-time

New models in plaids and pleated effects. Wonderfully pretty are the models of silk, in fantasi, kumai kumsa Queen Anne satin and baronette.

Silk Sweaters

Shades of turquoise, salmon, peacock, sand, navy, black and blazer stripes.

DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Without the Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole. Musterole is made of pure oil c. mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister. Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbitten feet, colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50.

The Young Ladies Mission Circle of the Main Street Christian church will meet with Miss Florence Granier Thursday afternoon at 3:30 o'clock with Mrs. Scott Hosier as leader. The following program will be given: Song "My Faith Looks Up to Thee," scripture lesson, Acts 4: 31-32 "If Millions Prayed," Miss Ethel Trowbridge prayer: "The God In Your Home," Mrs. Rena Fegley; prayer:

song, "Take Time to be Holy;" discussion, "Each One Win One," Miss Edith Brown; solo, Miss Alice Chadwick; prayer; song, "I Love to Tell the Story;" Benediction. Friday afternoon the Circle will meet with Miss Edith Brown.

The Little Flat Rock C. W. B. M. will observe the pre-Easter week of prayer this week. The south division will meet at the home of Mrs. Burle Matney tomorrow afternoon at 2:30 o'clock. The leader will be Mrs.

Charles Wilson. The north division will meet with Mrs. Bert Heaton tomorrow afternoon at 2:30 o'clock and the leader will be Mrs. Susie Johnson. Both the divisions will be entertained at the home of Mrs. Charles Carney Thursday afternoon at 2:30 o'clock. The leader at this meeting will be Mrs. Lowell Norris. The week of prayer will end Sunday morning when the divisions will be in charge of the services at 11 o'clock at the church.

FORMER TEACHER POETESS

Volume of Pearl Dutches Westfall Is On The Press

An article appearing in the Indiana University Alumni Quarterly, at Bloomington, concerning Miss Pearl Dutches Westfall, a former teacher at New Salem, but now of Fairmount, will be of interest to her friends in this county. The article is as follows: "Lazy Lays" is the title of a volume of one hundred poems by Pearl Dutches Westfall, ex '08, teacher of English in the New Salem, Ind., schools, now on the press of the Broadway Brevities, New York City. The volume is dedicated to Cloe Winifred Wilson, an Indianapolis nurse who gave her life during the influenza epidemic. A picture of Miss Westfall and autobiographical sketch are included."

40 CONVERTS AT REVIVAL

Evangelistic Campaign Closes at Salvation Army Church

The revival meetings closed at the Salvation Army church Sunday with a total of forty converts during the evangelistic campaign. On account of contracting a severe cold Evangelist Stewart was unable to preach at the closing services last night and the sermon was delivered by Capt. J. A. Tench. In spite of the inclement weather, the church was filled with people.

Easter Pumps and Oxfords

Anxious to Join Easter Parade

ONE-EYLET TIES

The ribbon tie and the tongue effect are extremely stylish.

DRESS-KID OXFORD

A dressy shoe for street wear in brown and black—a serviceable style.

Femininity is a flutter over the new Easter styles, displayed to advantage by this store. Models galore vie with each other in attractiveness and in beauty. Of particular beauty are the pumps and oxfords fashioned cunningly of leathers to appeal to the feminine eye. Deft hands have modeled the footwear according to the dictates of Fashion's fancies in order to please women of the utmost discrimination.

Mauzy's Pumps and Oxfords are the most stylish, hold their shape and fit.

The Mauzy Co.

Evangelist Stewart went to his home in Anderson today for a week's rest, having been compelled to cancel an engagement to begin a series of meetings at Fairland, Shelby county, tonight for the Rev. J. W. Trowbridge.

RED MEN WILL MEET

The regular meeting of the local Red Men will be held tomorrow night at 7:30 o'clock, when important business will come before them. A large attendance is desired and all are urged to be present.

Sneeze Today? Look Out for Flu!

A FEW sneezes—a cold in the head—and then trouble. Winter time is cold time—and colds are the beginning of most winter sickness. Get a package of LIGHTNING LAXATIVE QUININE TABLETS. Take a few of them. Relief in twenty-four hours. Perfectly safe. Ask your druggist or dealer. Only 25 cents.

TRY A WANT AD

American Women Stirred by Armenian Horrors

"MERCIFUL GOD, it's all true! Nobody has ever told the whole truth! Nobody could!"

Thus Eleanor Franklin Egan, in the Saturday Evening Post, quotes Howard Heinz of Pittsburgh, Herbert Hoover's representative in the Near East, on the real conditions in Armenia as he saw them with his own eyes.

Mr. Heinz had been one of those who had believed the stories of starvation and death in Armenia had been exaggerated. Not until he went himself to the Caucasus did his views change. Then he was shaken to the foundation of his soul by what he saw.

"Fearful! Awful! Horrible! Unbelievable!" are some of the adjectives Mrs. Egan says must be used in speaking of conditions in the Near East, where Near East Relief, 1 Madison Avenue, New York, supported by contributions from the American people, is conducting the only organized effort to save the lives of these utterly destitute millions. Everything she saw and heard justified the necessity for quick and generous aid from America. Her story of what she witnessed re-enforces the call of the Near East Relief for aid for stricken Armenia.

"The Hunger grin" is everywhere evident," Mrs. Egan writes. "The pitiful hundreds seemed to me to be weeping constantly. Not profoundly as in grief, but whimperingly, appealingly as in unbearable physical distress. A terrible population. Unspeakably filthy and tattered, in shreds; shelterless, death-stricken throughs; milling from place to place, children crying aloud, women sobbing in broken inarticulate lamentation; men utterly hopeless and reduced to staggering weakness, heedless of the tears rolling down their dirt-streaked faces."

That is her picture of the Armenians most in evidence in Armenia. These are the throngs. Then she turns to the mobs. "Large numbers here and there, wide-eyed, eager, hands outstretched in wolfish supplication; teeth bared in a ghastly grin that had long since ceased to smile—an emaciated skin-stretched grin, fixed and uncontrollable."

"Is it any wonder," she asks, "that I could not swallow my food? I threw it to the children in the ravening hordes and started small riots. The children fought together, snarled and clawed at one another for small bits of army biscuit or morsels of bully beef."

"And then I was told that many of them were so starved that solid food

Collecting grass to be eaten as food in Armenia. Thousands die after terrible suffering from eating grass.

"The starvation grin," so common in Armenia, as described by Mrs. Egan in her article.

"Everywhere in the fields there were people down on their knees searching for grasses to eat. Those near the railroad lifted their heads and gazed at our train as it rushed past, and I caught glimpses of terrible faces. An old man sitting at the top of an embankment waved a handful of grass at me where I stood at the car window, then threw his head back and laughed a maniacal laugh. I began then to feel the cold chills with which I was to shiver for days on end."

Of Kars she writes:

"It had been raining for days, and wherever one looked one saw nothing but misery and mud. Between the railroad tracks were unsightly pools and puddles, through which many human scare-crows trudged back and forth."

"They were a multiple Lazarus, and the train was the rich man's table. They were begging for crumbs. I began to hear for the first time the whining indescribable phrase that sounded to me like 'O-na-ne, O-na-ne.' It was so feebly, so plaintively murmured, 'O-na-ne.'"

Mrs. Egan asked what it meant and was told the nearest equivalent was "Oh, my soul!" "But," she says, "it was more than that; it was a prayer for mercy."

Describing a makeshift hospital before the arrival of the Near East Relief workers, Mrs. Egan writes:

"The sick in their unbelievable rags were lying around on the floors—bundles of unimaginable wretchedness. The doctor was not doing anything at all for them. What could he do? He had not so much as a single ounce of medicine of any kind. The little people were more pitiable than the adults. The ward, if I may call it that, had in it not one stick of furniture of any kind, and the children were all lying on the dusty and rubbish-strewn floor with nothing under them and no covering save the rags they wore."

TO USE WAR SURGERY FOR USELESS HANDS

Four-Year-Old Boy Will Undergo Operation Which Will Give Him Use of Maimed Hands

TREATMENT TAKES A YEAR

(By United Press.)

Altoona, Pa., Mar. 29.—Little four-year-old Elwood Fagan of Eldorado, deprived of the use of the fingers and thumbs of both hands through an accident when he was a baby, is to have his hands made normal through the surgery which was so successful during the world war. He fell into a bucket of boiling water, horribly scalding his hands.

During the healing process the fingers and thumb of the left hand grew together and attached themselves to the palm. The tips of the fingers and thumb of the right hand grew together.

A series of plastic operations extended over the period of a year will be performed.

The first has molded the thumb of the left hand, the skin being taken from the boy's body for grafting. One finger at a time will be split from the others and formed. The little patient will himself supply the necessary skin to cover the exposed flesh.

WOMEN TO TAKE STUMP.

Chicago, Ill., Mar. 29.—One hundred thousand women from all walks of life will take the stump in support of the presidential candidate in the coming election, women leaders of the political party declared here today. The plan is under way for the formation of a woman's national organization composed of organizations from each state.

FOR SKIN TORTURES

Zemo, the Clean, Antiseptic Liquid, Just What You Need. Is Not Greasy

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using Zemo. Obtained at any drug store for 35c, or extra large bottle for \$1.00.

Zemo generally removes pimples, blackheads, blotches, eczema and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable. The E. W. Rose Co., Cleveland, O.

The Aftermath of Flu

This is No. 1 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vicks' Vapo-Rub may be of value in this condition.

Your doctor will impress upon you that following recovery from the active stage of influenza, there often remains an inflamed, congested condition of the air passages—throat, larynx, bronchial tubes and lungs.

Frequently the cough hangs on—soreness of the chest persists—you take cold easily and there may be obstinate catarrh. This condition is slow to clear up and if neglected may favor the development of pneumonia, or later on, serious disease of the lungs.

Such cases should continue under the care of their physician—should exercise moderately in the open air—eat plenty of wholesome food—avoid overwork and sudden chills.

Nightly applications of Vicks' VapoRub may help nature to complete the process of repair. Because Vicks acts locally by stimulation thru the skin to

DEVELOP NEW SYSTEM OF TEACHING SPELLING

"Baseball Method" Used, School-room Serving as Diamond and The Pupils as Players

IT PROVES VERY EFFECTIVE

(By United Press.)

Kane, Pa., Mar. 29.—"K-a-t, cat," said the player-pupil.

"Out," said the umpire-pitcher-teacher.

Local schools have adopted a novel and effective system of teaching spelling, called the "baseball method." The schoolroom serves as the "diamond," the corners of the room as the bases, the pupils players and the teachers the umpire and pitcher.

The class is divided into two sides and each side takes a turn "at bat." There are nine innings to a game, each side having three "outs" to an inning. The teacher, "on the mound," pronounces three words on the "batter." If any one of the three words is misspelled the batter is out and is sent back to the "bench." If all three words are spelled correctly the batter scores a "hit" and takes first base. He is advanced a base each time another batted on his side spells the three words pronounced by the teacher correctly and the "runs" scored count for that side.

The teachers say the method is very effective and is the best they know of.

AMERICA DRINKS HEARTY

Coffee Sales Boosted 25 Percent Since Country Went Dry

(By United Press.)

New York, Mar. 29.—Coffee consumption in the United States has increased 25 percent since the country went dry, according to a statement given out here by a committee of coffee dealers incident to the opening of "national coffee week" today.

An average of 12 1/2 pounds, or a cup a day for every man, woman and child in the United States, is given as the annual consumption.

Estate

SINGLE REGISTER

WARM AIR HEATING SYSTEM

"the furnace that breathes"

Pipeless heating depends upon the circulation of air. And the reason why the Estate Single Register Warm Air Heating System is more efficient and economical than the ordinary "pipeless furnace" is because it insures a fuller and freer circulation of air. It is entirely different in construction from any other warm air heating system.

Pipeless Warm Air Heating Perfected

A radically different principle of construction takes the Estate entirely out of the class of the ordinary "pipeless furnace." The intake pipes are separate and distinct from the main casing. This construction affords a considerably larger space for air circulation and absolutely eliminates friction between cooled air coming down and warm air going up. Fuller and freer circulation is thus secured, resulting in the heating of at least 35 per cent more air than in other makes.

SUPERIOR EFFICIENCY AND ECONOMY—The air-tight and gas-tight construction, extra large radiating surface. **CONVENIENCE**—Ball-bearing grate; patented clean-out scraper in radiator; double feed door; vapor tank swings out. **DURABILITY**—Extra heavy all-cast-iron construction; 5-YEAR guaranteed fire pot. **DEPENDABILITY**—Sold under iron-clad guarantee.

And for homes which have no basement—

THE ESTATE HOT STORM

The little brother of the Estate Single Register Warm Air Heating System. Looks like a stove—built and works like a furnace. Heats by warm air circulation. Uses less fuel than an ordinary stove. Provides warm air for 3 or 4 rooms—more in some houses.

ATHLETES TURN NOW TO BASEBALL

All Big Leagues, The Minor Leagues and Every College Begins Practice For Coming Season

AMATEURS ARE DISCUSSED.

Must First be Amateur Before Jumping Into the Place of a Professional Player

Indianapolis, Mar. 29—Baseball season is here.

The big league teams and even some minor league teams are in the south training for their early games and some practice contests have been played.

At the colleges the boys have been working out in the big gymnasium. There is less danger of "glass" arms from an indoor workout and and batting practice is being held in the cages erected in every gymnasium. Rumor has it that there are some star players at the Hoosier colleges this season.

A prominent athletic man director of an Indiana college team declared at a recent banquet attended by athletic men in Indianapolis, that he would be glad if baseball season were over.

When asked to explain the statement he said that he did not like to see his athletic association go in the hole financially on baseball season. He explained that football, and basketball made money, and that track and field athletics did not fall far short of breaking even on the season. This he explained was not true with baseball.

The athletic director is coaching a college team in a city where there is a league team and for that reason it was pointed out his baseball team failed to make money. The people of the cities seem to prefer professional baseball to amateur baseball. However they are making a mistake. There are just as good games played sometimes by amateurs as by professional league teams. That baseball is a losing financial game in all Indiana colleges is not true. Some schools make money on baseball. Some schools split even while a few lose money. However it is in the high school and colleges that many of the best of the big leaguers are developed.

Art Neff, was a college boy before he played the game for the cash. Neff played at Rose Poly in Terre Haute. Notre Dame has sent more baseball players to the big

Walk-Over Shoes
Correct EASTER

McIntyre Shoe Store

leagues than any college in the central west. There is hardly a college in the state that has not furnished many of the good players of the professional league.

M'CORMICK GOES ON TRIAL AGAIN TODAY

Is Charged With the Murder of Charles Brown, Rich Yuba County Sheepraiser

JURY DISAGREED FIRST TIME

Marysville, Cal., Mar. 29—Frank A. McCormick today again goes on trial charged with the murder of Charles Brown, rich Yuba county sheepraiser.

A month ago the jury in his first trial was dismissed—deadlocked, with six for acquittal.

Brown's slaying on November 1 created a sensation in California. He was shot through the neck by McCormick's sister, Mrs. Gertrude Wilson, pumped several more bullets into the prostrate form.

Mrs. Wilson, pretty wife of a newspaperman and the first woman ever to stand trial here for murder, was acquitted. Evidence showed she shot Brown after life was extinct.

CITY WILL WELCOME THE LEGIONAIRES

Indianapolis Extends Glad Hand to Organization With Headquarters in That City.

A PROGRAM IS ARRANGED.

Indianapolis, Mar. 29—The Hoosier capital tonight will extend its official welcome to national officers of the American Legion, who have their headquarters here.

Mayor Charles W. Jewett will deliver the address opening the city to the legion, and Franklin D'Olier, national commander, will respond.

A band of 140 pieces from the high schools of the city will furnish the music.

There has been a determined effort on the part of some Legionnaires to move the national headquarters to Washington, D. C., but no definite action in this regard has been taken yet.

WILL EXHIBIT SOME EGGS

Governor Goodrich Will Take Part in State Egg Show

(By United Press.)

Lafayette, Ind., Mar. 29.—Governor James P. Goodrich, will compete in the governor's class at the annual Indiana Egg Show which will be held at Purdue University, May 3 to 6, according to word received by university students, under whose management the show is conducted. The eggs will be selected at the Governor's farm near Winchester and will be shipped a few days before the show.

Governor Frederick D. Gardner, Missouri, also has promised to enter a dozen eggs in white and brown classes. Several other state executives are expected to compete.

Decay-Proof Fence Posts

"My fencing is up to stay—thanks to Long-Bell Creosoted Yellow Pine Posts—the kind that last a lifetime."

This is the united opinion of farm owners everywhere who are now using Long-Bell Creosoted Posts instead of the ordinary kind that rot and decay after a few years.

CREOSOTED Yellow Pine POSTS

Our posts are cut from selected trees of slow growth, air-dried and yard seasoned, and treated by the Long-Bell vacuum creosoting process until distilled creosote is forced into every part of the sap wood. The germ of decay is killed, every fibre of the post is protected—there's no decay.

Send at once for Free Circular regarding "The Post Evaluation"—and learn how to save all your post and fence troubles and save from \$4 up each year now spent in repairs and replacements.

HOME MADE RECIPE CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Arcline and pour it into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and sniff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

Senrec

is the dentrifice that contains the properties recommended as ideal by United States Army dental surgeons

WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-feren is without doubt the grandest and quickest remedy for nervous, run down, weak, anemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you. Seven a day for seven days—Wonderful results.

"Exide"
Battery Service

If your starting battery is beyond repair we tell you so.
If, on the other hand, an examination shows that it would pay you to have it repaired, we will give you a first-class job and the same attention that you would receive if you were buying a new battery.

About to Retire From Business

Prominent Illinois Contractor Had
Suffered Thirty Years—Tanlac
Brings Health.

"When I began taking Tanlac I was so bad off I was about to retire from business," said Charles Stenstrom, the well known concrete and excavating contractor living at 607 Fishgate St., Peoria, Ill.

"For thirty years I have suffered all the misery that goes with stomach trouble, rheumatism and disordered kidneys," he continued. "My stomach was so badly upset that it nearly laid me up altogether and after every meal I took cramping spells that sometimes were so bad I could not leave the house for I was afraid I could not get back. I bloated up so with gas that I could not get a long breath. My legs pained me almost every minute of the day and when the weather was damp my arms hurt me so bad it was agony for me to try to bend them. My kidneys were so badly out of order that I had pains all through my back and at night I was in such misery I could hardly sleep at all. Every morning my back was so stiff it was hard for me to get out of bed and during the day I couldn't think of doing any work."

"But things are different since I got hold of Tanlac and it has made such a remarkable change in me that I feel thirty years younger and if it was necessary I could handle a shovel and turn as much dirt as any of my men. Everything I eat now agrees with me perfectly and I am never troubled in the least with gas or with cramping spells. The rheumatism has nearly disappeared and the pains and stiffness in my back have all gone. I sleep sound every night and of mornings I get up feeling hale and hearty. I have given up idea of retiring from my business, as Tanlac has given me new life and strength and I am enjoying better health than I have for many years."

Tanlac is sold in Rushville by E. B. Johnson & Co., in Milroy by Dallas Copper, in Manila by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, and in Carthage by Otto C. McCarty.—(Adv.)

Popular Leader of Peacetime Army

MISS EVANGELINE C. BOOTH,
Commander of the Salvation Army in the United States.

WITH the \$14,000,000 fund generously contributed by the country to the Salvation Army last May all but exhausted through the Army's unparalleled year of activities and service throughout the country, Commander Miss Booth is now marshaling her forces for the organization's second nationwide Home Service Appeal to be held May 10 to 20. "It makes me extremely happy to report, even before the full statistics of the year's work are in hand," the Commander stated in New York recently, "that never before in the history of the organization in this country has the Salvation Army been able to ac-

complish so much for the poor, the distressed, the sick, the unfortunate and the erring.

"All this is because of the magnificent way America has supported our efforts. We are deeply thankful to God and country for the opportunities of Christian and humanitarian service that have been afforded us during the last few months. Very shortly, now, we shall give an accounting of our trusteeship, and soon thereafter we plan to go to the country again for the encouragement and funds with which to maintain our many vital activities throughout another twelvemonth."

GERMANS TRY TO REGAIN OLD TRADE

Hun Colony in Tampico Has Just
Gained Control of One of The
Local Newspapers

AMBITIONS ARE MODEST

Seek to Impress Upon Mexicans
That Some Day There Will be
a German Trade Revival

By RALPH H. TURNER
(U. P. Staff Correspondent.)

Tampico, Mar. 13. (By Mail)—Two sources of trouble confronted Allied interests in Tampico during the war. They were the Germans and the I. W. W. At many times it appeared they were one and the same. Petroleum was vital to the Allies' conduct of the war and German agents strived, with radicalism as a medium, to obstruct the flow of oil through Allied channels. All that is history, but it is in-

teresting today to observe the present status of the Germans and their former ally; to note how they have fared since the capitulation on the western front.

The Germans are still here, but the support of an imperial government has vanished and with it has gone a considerable amount of the Teuton self-assurance. All the Germans can hope to do now—all they are trying to do—is to regain a bit of their old trade and their old prestige.

The I. W. W. also is here. It is not always referred to with the designation. It is sometimes called Communist Party or the Left Wing or Bolshevism. Under any name, however, its aims are the same. But the German backing has deserted the I. W. W., and today the movement is neither German nor Mexican. Rather it is an international organization with a Russian-American playing the leading role.

The German colony in Tampico, or its leaders, have just gained control of one of the local newspapers. If the Germans achieve their aims through this newspaper their conquest will indeed have been cheaply bought, for it is reliably reported that they are paying but 300 pesos (\$150) monthly to preach the story of the new German republic. Still, the Germans are not asking a whole lot for their money. Their ambitions are more modest than in the old days.

The Germans seek to gain the publication of news favorable to the Fatherland, to impress upon the Mexicans that some day there will be a German trade revival and to record Germany's progress as a democracy; in short, to recover German prestige to any extent possible. But the Germans as a trade menace, or any other kind of menace, are beings of the past.

One more year of the war and German trade probably would have been wholly ruined. As it was, the enemy commerce was shattered beyond recognition and the come-back will not be executed quickly. The Germans never entered the field of oil exploitation, but they were supreme in the hardware business. As bankers, steamship agents and customs brokers they held further commercial advantages. What Germans are doing business here now are handling American goods.

There is a strike on in Tampico now, a strike of mechanics, employed by the oil companies, who are demanding an increase in wages which averages about 100 per cent. That recalls Germany's old friend, the I. W. W., spurned by Germany today because the hour of service is past.

SPRING FEVER

Following Colds, Grip or Flu,
Thin, Watery or Poisoned Blood
(By Dr. Valentine Mott.)

At this time of year most people suffer from what we term "spring fever" because of a stagnant condition of the blood, because of the toxins (poisons) stored up within the body during the long winter. We eat too much meat, with little or no green vegetables.

Bloodless people, thin, anemic people, those with pale cheeks and lips, who have a poor appetite and feel that tired, worn or feverish condition in the spring-time of the year, should try the refreshing tonic powers of a good alterative and blood purifier. Such a tonic as druggists have sold for fifty years, is Dr. Pierce's Golden Medical Discovery. It is a standard remedy that can be obtained in tablet or liquid form. Made without alcohol from wild roots and barks.

Milwaukee, Wis.—"For the last twenty years I have used Dr. Pierce's Golden Medical Discovery, at times, as a general tonic, with excellent results. One bottle in the spring, and one in the fall, is usually all-sufficient. It has given me added strength and endurance and has greatly aided me in following the strenuous life of a freight handler. I have also found the Pleasant Pellets very beneficial."—JOHN W. McLAIN, 188 Wisconsin St.

WANT ADS BRING RESULTS

Now is the time

To send us garments that you intend to wear in the early part of the spring and summer. Discarded clothes, of the "every day" type, as well as the so-called "Sunday type," whether shabby or soiled, will come out of our washing process, just like new. Nothing is too big for us, nor is there any material that is new to us. Garments sent here are not used for experimental purposes, as our cleaners are experienced in the art of modern cleansing.

RUGS ARE MADE LIKE NEW BY OUR PROCESS.
WE CALL FOR AND DELIVER. PHONE 1154.

Pigs Get Worms Very Young

The time to commence feeding ACME WORM BOUNCER is from the time they are old enough to eat. Feed from birth to maturity. It will only take a few cents worth to do it, and as "an ounce of prevention is worth a pound of cure," it certainly pays to start the pig off right, and if you do so you can keep him right. Worms are persistent pests and they must be fought continuously. There is more money in keeping your pigs free of worms than in letting them get worms and then expel them.

R. G. WELLMAN, Agt.

FRESH FISH

Fresh From the Nets

White fish, Pickerel, medium Herring (dressed), large boneless Herring (ready for the pan), Halibut (extra fancy).
